Miss Coral Lorenzen
International Director
Aerial Phenomena Research Organization
4407 East Linden
Tucson, Arizona

Dear Miss Lorenzen:

We have referred your letter with the enclosure to Lt. Colonel Lawrence Tacker, U. S. Air Force, who is our contact point and responsible for matters regarding unidentified aerial phenomena.

Concerning the last sentence of our letter to Congressman Scherer, there was a typing error in which a word was omitted; the last clause should have read, "which has already been provided by the Air Force."

Sincerely,

SIGNED

John S. Warner
